

La Fromagerie

A Musical Revue

This year's musical is a musical revue, "A light theatrical entertainment consisting of a series of short sketches, songs, and dances, typically dealing satirically with topical issues." We have selected pieces purposefully to highlight the ranges, and abilities of our actors and singers. We created a loose storyline to tie the music all together, but the focus is to feature a variety of quality songs from many different musicals.

The story line:

Things are booming at the Heuvelton Cheese Factory, life is good, until the CEO's spouse becomes jealous of the time and money spent of the factory, and kills him. He returns as a ghost, and makes her visit the factory workers, in the past, in the present and in the possible future as a way to see the error of her ways.
