DATE: March 15, 2019
SUBJECT: Smart Schools Investment Plan (SSIP) Board of Education Pre-Approval

In order to submit a Smart Schools Investment Plan (SSIP), districts must make certain assurances and follow protocols. Steps include obtaining pre-approval by the Board of Education, a 30-day public posting of the SSIP, followed by a public hearing, and then final approval by the Board of Education.

At this time the Technology Committee seeks pre-approval of a SSIP pilot purchase of the following items:

Item	Notes	Quantity	Cost	Total
Display Device	75in SMART Panel	44	\$3,999	\$175,956
HDMI Cable	16.4ft	44	\$28	\$1,232
Wall Mount	X-large	33	\$266	\$8,778
Cart	Large	11	\$855	\$9,405
			Subtotal	\$195,371
			TOTAL	\$195,371

Our goals in the purchase include updating display devices district-wide.
